### Words From The Overseer

*Do what thou wilt shall be the whole of the Law.*

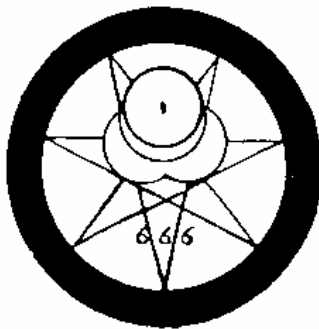

We greet the Vernal Equinox and summon the strength of renewal to Us. Liber AL says "I am the secret Serpent coiled about to spring: in my coiling there is joy." And so it is with the work of our Order all these coilings bring possibilities, and each time we bring one thing to fruition another joy is seeded. Let us meditate on this and find the secret within.

*Love is the law, love under will.*

*Fraternally,*

Overseer of H.O.O.R.

### Today I write on the Ophidian mystery.

To create the love of a woman in a man the emotion or the eidolon of Love must become manifest within the Khabs of the man. To create the love of a man in a woman the intuition or the matrix of Power must become manifest in the Khabs of the woman. For the Woman is Power and the Man is Love do not therefore disregard the meaning of that which is said in the Book of the Law "in his woman called the Scarlet Woman is all power given." This love is not the love of the vulgar and profane. This love is the domain of the Lovers as meant by AL I v 40.

Ophidian means serpent like. If operations are ophidian they are somehow serpentine. The meaning derives from the serpent as being a long regarded symbol of matters sexual. It has other meanings as well, wisdom, eternity, to name two. The undulating nature of the sexual force is implied and reference to the so-called "snake" in the spine is of course part of this meaning as well.

All rites must be propelled by "energized enthusiasm." Without this force no rite will succeed. How we generate this force is our manner of invocation or evocation. Many methods exist but an ophidian rite has as its energy source the orgasm. Energy without focus is like radiant heat or a point source light, which emanates its energy in all directions at once. Orgasms are naturally like this point source light which shines in all directions at once. It may provide illumination to some of the human conditions but mostly it is dispersed and its power nullified. Through the gradual practice of

concentration, focus and athletic ability the orgasm can be focused and directed. It is this branch of study that is called by the Holy Order Of Ra-Hoor-Khuit "The Greater Mysteries".

To those who read these words take care for without a mechanism for controlling this force it is useless to pretend to use it for these purposes. Learn first to concentrate, to focus the mind, then train the vehicle in the ways prescribed by your Instructor and gradually you will learn to use any energy in the most efficient ways possible. Remember energy is energy, the trick is how it is constrained to a single coherent beam and trained on the desired target then unleashed at the optimal time for its full impact.

### *The Manifesto of the Non-Believer*

By Soror E.A.E.A.

*We, the so-called "Non-Believers," residents of these United States of America declare the following:*

1. That according to Art. 11 of the Bill of Rights, "the enumeration in the Constitution, of certain rights, shall not be construed to deny or disparage others retained by the people." Within the light of the above, we, "Non-Believers" living in this aggregate of land called the United States of America claim our rights to deny any construed rhetoric against our "Non-Beliefs".
2. We, "Non-Believers", as men and women, citizens, non-citizens, residents of this aggregate of land, hold the right to question such construed arguments which deny our so-called "Non-Beliefs," including any interference with our rights to worship or not worship as we will.
3. We hold the right to question any and all dogmatic rhetoric and actions that try to impose any form of so-called "religious" hegemony upon our "Non-Beliefs."
4. We call upon the newly formed government of these United States of America to redress and consider in a more inclusive manner, the pejorative and limiting terms thus far publicly and officially used to address the variety of our theurgic, spiritual and non-spiritual choices as human beings living in this aggregate of land called The United States of America.
5. We call upon the newly formed government of these United States of America to consider recent data and demographics which demonstrates the exponential growth of the "Non-Believer" population living in this aggregate of land called The United States of America.
6. As "Non-Believers" we strongly support total and complete separation of church and state. Moreover, as taxpayers (since taxation does not have a religious choice or persuasion), we demand that a mechanism of accountability be created to maintain that division clearly in check.
7. As "Non-Believers" we affirm that the President, the Congress and the Legislative branches of these United States of America are our employees. They are elected public servants and they work for us. Their salaries are paid by our taxes, therefore, they shall be held accountable for any actions or decisions that deny or disparage the rights retained by the people, including those retained by us, "Non-Believers" as outlined by Art. 11 of the "Bill of Rights."

8. We, “Non-Believers” include, but are not limited to, all the citizenry of these United States of America who do not fit within the officially accepted religious persuasions.
9. We, “Non-Believers” choose to worship and not worship as we will. Human being has the right to live by his own laws, and the laws of a country should protect and serve these rights.
10. Art. 11 of “The Bill of Rights” shall remain as a point of reference to all “Non-Believers” living in this aggregate of land called the United States of America.
11. We “Non-Believers” claim the right to equitably celebrate and get remunerated for our own holidays and/or feasts.

#### **Self-inflamed Solar Viewpoint**

#### **Blue Angel**

By Frater I.A.I.D.A.

The love in your Heart is True, Starry Blue.  
I knew it the first time; "I can endure it".  
It caresses my mind like a fine red wine,  
I sake close, just to hear it.

With a serpentine twist I'm rapt in a knot!  
The bite can be deadly, but the strike is intense.  
I rant and I rave through the course of time'  
But I pant as Thy slave in the depths of the Night.

Sweet Angel, Blue Angel, give me Thy Kiss!  
There is no sweet, finer rapture than this.  
With Thy Kisses abiding, I give Thee my word,  
Rapture arriving on wings of a Bird!

Wrapped in a frenzy of "Love under will"  
I wrap Thy sweet vulva in my tongue for a thrill.  
Fire igniting all that we are,  
Finally arriving at the Glorious Star!  
Two Stars colliding in the Depths, concealed.  
Two Hearts arriving at one time to yield.

#### **Dabbling Rhymes**

By Soror EAEA

What to do  
When time slips away,  
In the march of days?

What to do,  
When things stay as they are  
So still...  
So tranquil?

What is there to do about time,  
Its relentless leaps,  
its refusal to look behind?

To stop, and stare  
And to stay?

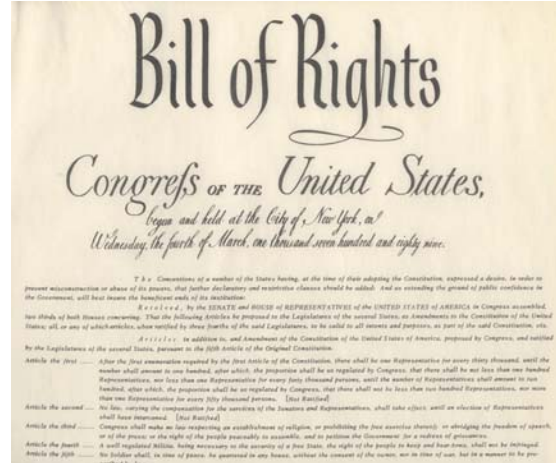

To move on,  
To play,  
And learn to say nay?

Or to think of yes,  
Is better than dabbling away with rhymes.

Playing all day,  
Upon one's mind.
